

RESEARCH POSTGRADUATE STUDENT REVIEW SCHEDULE

Review of the student's progress is implemented by a series of deadlines and meetings, as outlined in the following timetable. The requirements for each of these are given below (full-time students).

Remember that Thesis Review Committee meetings are a supplement and not an alternative to the regular meetings students will have with their Supervisor. Supervisors will be the first line of enquiry for any queries or problems students may have. If students feel that they need to discuss matters with another person, their Postgraduate Tutor will be available to them at any time.

Part-time students will be reviewed annually and will have extra review meetings if the equivalent ones detailed below are more than a calendar year apart.

Timings for students starting in October (27th September) 2018:
